## STRIKINGLY SIMPLE

Being simple yet impactful is the most difficult feat in artistry, and the stunning ring titled Sugarloaf by Zara Simon takes your breath away by the simplicity of its form. The ring was unveiled as part of the Olympics at Rio de Janeiro, and is part of the brand's continual collection Metropolis launched a few years back. As the name suggests, the Metropolis collection is a series inspired by Zara's favourite cities.

The Sugarloaf series is available in 9- and 18-karat gold featuring small emeralds and engravings.
